

# 'A'ala Park | Community Feedback Summary

## Community Participatory Proof-of-Concept Design | Phase 3.1

### Top Ranked Park Programming & Improvement Ideas

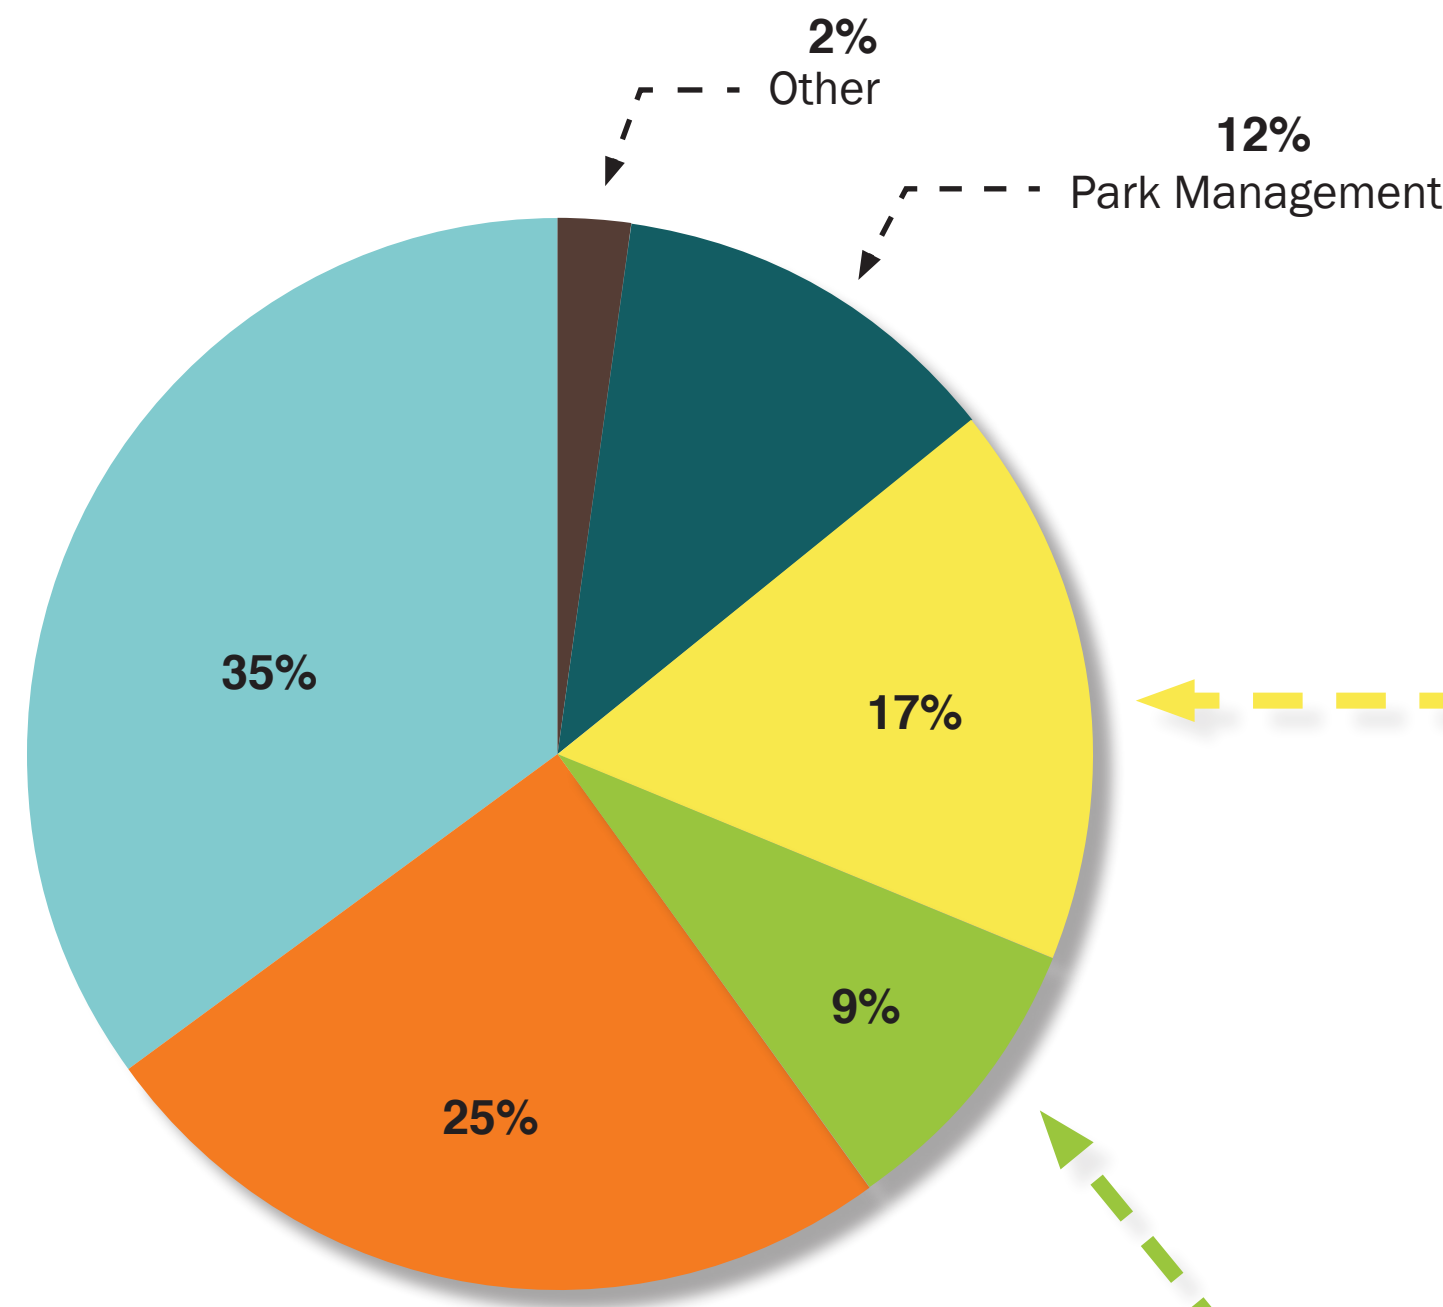

From December 2022 - January 2023, five stakeholder engagement events were held for the community representing 'A'ala Park. This included residents, recreational park users, and local businesses and landowners. Community members were asked for their ideas and feedback on initial design concepts for park improvements and program ideas. The results of their feedback were analyzed and established a foundation for the next design and engagement phase.

1. Recreation & Activities

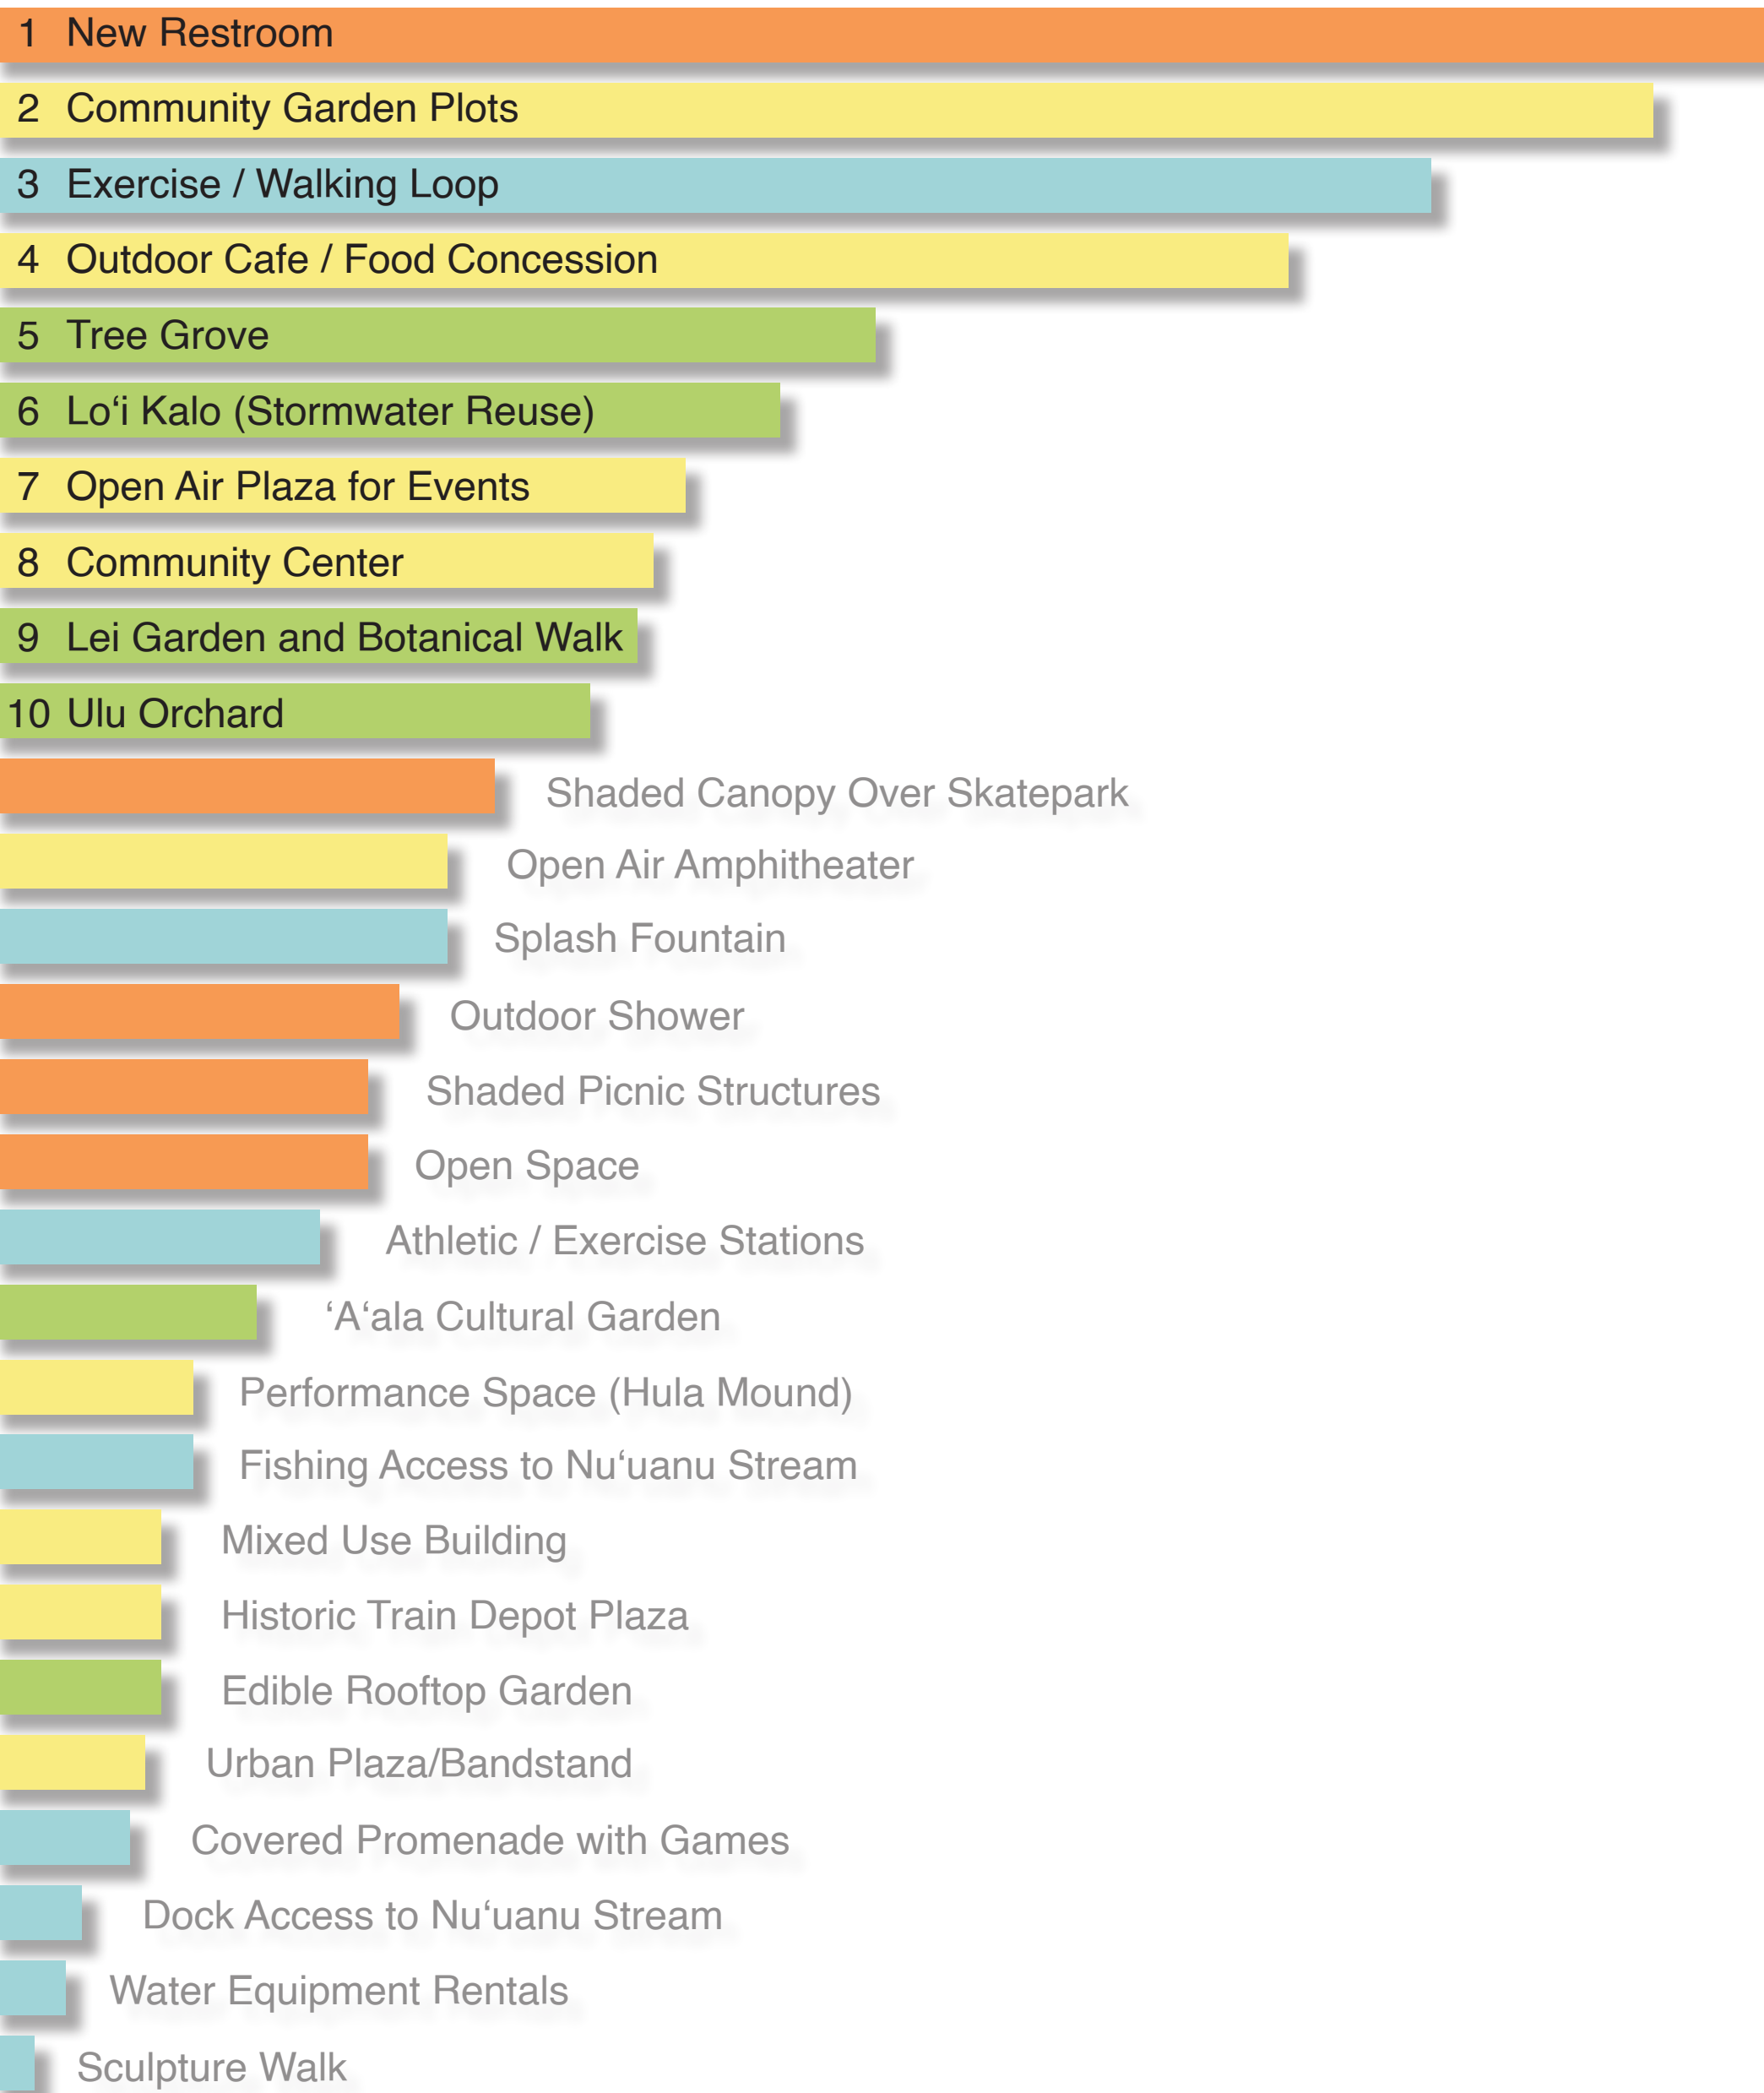

2. Amenities

3. Community Events & Commerce

4. Health & Nature

### Top 3 Priority Areas for Improvement

Participants were asked to identify on a map of 'A'ala Park an area they believe is in need of improvement. Their collective data pointed to these three areas of the park.

Bar graph and pie charts are visual representations of specific program ideas and their association with community priorities gathered from community outreach events in Dec. 22 - Jan. 23
