

'A'ala Park | Revised Concept Sketch 1

Community Participatory Proof-of-Concept Design

COMMUNITY

- Recreation + Activities
- Community Events & Commerce
- Shade Trees
- Amenities
- Health & Nature
- New Walking Loop

This concept prioritizes reestablishing 'A'ala Park as a prominent place of gathering and connection to nearby businesses and residences. A new community center activates the north corner of the park and provides a place for gathering and celebration of the multicultural history of the 'A'ala neighborhood. An expansive walking loop connects the community center to a variety of community amenities including picnic areas, community garden plots, new restrooms, and tree groves for shade.
